

# ALPHABET ROCKS

## Pre-School

### Supplies Needed:

- Paint & paint brushes
- 26 rocks
- Sharpie or other marker

### What to do:

1. On your next walk around the neighborhood, have your child help you find 26 rocks
  - can also use other supplies you have around the house, i.e. Legos
2. Wash rocks and allow to dry
3. Have your child paint the entire rock (both sides)
4. Once dry, have them write one uppercase letter on each rock
5. Flip the rock over and have them write one lowercase letter on each rock
  - can also use a different paint color and paint each letter, but will be harder for them to do
  - write or print out the letters ahead of time for them to reference as they are writing the letters on the rocks
6. After all the rocks are dry, your child can use for letter recognition and begin spelling words
