

# SOLAR OVEN S'MORES

## School Age

### Supplies Needed:

- Pizza box (or cardboard box with the lid attached) +
- Aluminum foil +
- Clear plastic wrap +
- Glue stick and/or tape +
- Stick or ruler (anything that can prop the lid open) +
- Ruler +
- Xacto knife or scissors +
- S'mores ingredients- graham crackers, marshmallows and chocolate +

### What to do:

1. Using the ruler trace a 1 in border around three sides of the box and then cut along the lines +
2. Cover the bottom (inside) of the flap you created and the inside of the box with foil, spreading a coat of glue and/or taping it down to make it as smooth as possible +
3. Tape two layers of plastic wrap across the opening you cut in the lid +
4. Set the oven in the direct sun on a sunny day (around 85+ degrees). Use a stick or the ruler to prop the flap open. Allow to sit for 30 minutes to pre-heat +
5. Peel back the plastic wrap from one side and layer a graham cracker square, marshmallow and 2-3 chocolate squares into the box, recover with plastic wrap and allow chocolate and marshmallow to melt (30-ish minutes). Place top graham cracker on before eating +
