

Getting to:

OLV|Dixon

Walk

Do you live close enough to campus? Can you park in your normal parking zone and walk your child to the center? To help reduce the number of vehicles driving on campus, please consider walking to the center from either home or your parking zone.

Bike

For those of you with children that know how to bike and/or those of you with a bike trailer or mounted child seat, enjoy the convenience of biking onto campus with your child(ren). There is covered bike parking right in front of Dixon you can use to lock everything up.

Drive

There are two reserved parking spaces in front of Dixon for OLV drop-off and pick-up only, you must move your vehicle immediately. Please note, it is not guaranteed you will have a space to park. There are also some metered spaces in front of Dixon you may pay to park at. We strongly encourage using an alternate way of getting to the center.
