

Our Little Village COVID-19 Health & Safety Protocol

Our Little Village's COVID-19 Health & Safety Protocols are informed by the Early Learning Division, OHA, Benton County Health Department and OSU. By completing my child's registration, I understand that each day that my child is in care at the Our Little Village centers:

1. OLV employees, parents and visitors entering in to a classroom where children 4 and younger are currently in care, will be required to wear a face covering, while in the classroom. Children are not required to wear face coverings.
2. OLV employees, parents, children and visitors will be able to choose whether they wear a mask or not in OLV common spaces, hallways, bathrooms and classrooms where there are no children 4 and younger currently in care.
3. My child's temperature will be taken by OLV employees prior to my child entering the OLV classroom. If my child's temperature is 100.4 F or over, my child will not be able to be cared for.
4. I will be asked by OLV employees, the following questions about my child:
 - a. Are there any known exposures to a positive or presumptive case of COVID-19 in the past 10 days?
 - i. If your answer is "Yes", your child is able to remain in care, though symptoms of COVID-19 need to be closely monitored. It is highly recommended that you reach out to your child's doctor and consult on whether they should be tested for COVID-19.
 - b. Is your child experiencing COVID-19 like symptoms? (unusual cough, shortness of breath, fever, loss of taste or smell, diarrhea, vomiting, headache, sore throat, or rash)
 - i. If your answer is "Yes", your child will not be able to be cared for and will need to remain home. If your child is 4 years or younger, they will need to remain home for 10 days. If your child is 5 years or older, they will need to remain home for 5 days and then wear a well fitting mask for an additional 5 days while in care at OLV. If your child 5 years or older is unable to wear a well fitting mask for the time that they are at OLV, they will need to remain home for the additional 5 days (10 days total). It is highly recommended that you reach out to your child's doctor and consult on whether they should be tested for COVID-19.
5. If your child tests positive for COVID-19:
 - a. Your child will not be able to be cared for and will need to remain home. If your child is 4 years or younger, they will need to remain home for 10 days. If your child is 5 years or older, they will need to remain home for 5 days and then wear a well fitting mask for an additional 5 days while in care at OLV. If your child 5 years or older is unable to wear a well fitting mask for the time that they are at OLV, they will need to remain home for the additional 5 days (10 days total).
 - b. Notify Kristi King, OLV & Student Family Coordinator, kristi.king@oregonstate.edu or 541-737-5499
6. If an OLV employee or child tests positive for COVID-19 and exposed your child in the classroom:
 - a. You will receive an email from Kristi King, OLV & Student Family Coordinator, notifying you of the exposure.

- b. Your child may return to care, though symptoms of COVID-19 need to be closely monitored for.
 - c. It is highly recommended that you reach out to your child's doctor and consult on whether they should be tested for COVID-19.
 - d. The Benton County Health Department will be notified by Kristi King.
7. COVID-19 Vaccines:
- a. All OSU students and employees must follow and meet OSU's COVID-19 Vaccination Program requirements. All families enrolled at Our Little Village have at least 1 parent that is an OSU student or employee. OLV employees are all OSU students or employees.
 - b. OLV encourages parents to get their children vaccinated for COVID-19, when eligible.
